# STATEMENT *of love*

The statement of love may begin with a simple “I love you”.

That one line could develop to a stronger bond of love—a promise to be together, that is an engagement. When the love between two people grows to a commitment, that special bond results in a marriage, a moment when the union of two hearts in love gets formally recognized.

All those precious and grand moments, the engagement and the marriage, are marked by rings that symbolize the commitment & the love that bind two souls. The rings are the true representation of a lifetime together, a start of a new chapter, and a beginning of forever.

## HOW TO CHOOSE YOUR WEDDING RING

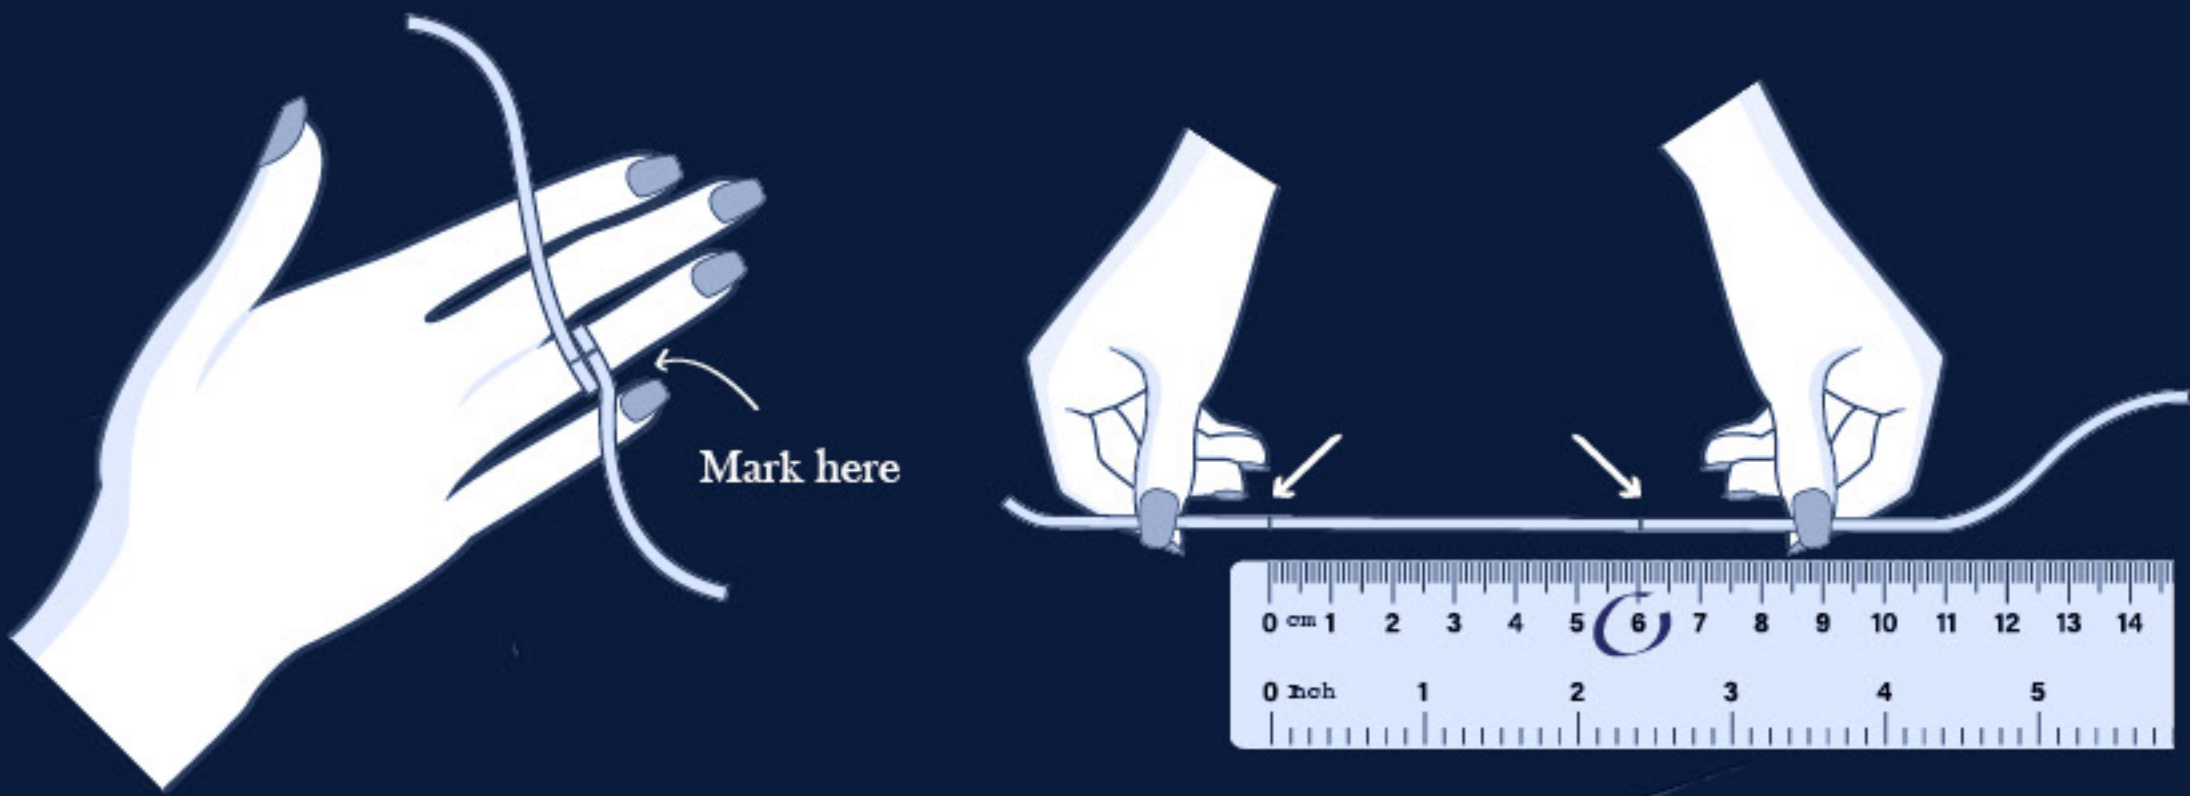

# MEASURE YOUR RING SIZE EASILY AT HOME

## Using String

This may not be the most accurate measurement, but it's one of the simplest ways.

1. Pick a string or floss and wrap it around the base of your finger

2. Mark it with pen and line that up with a ruler, take down the length in millimeters

3. Use the table below to know your ring size.

SIZE	CIRCUMFERENCE (mm)	Diameter (mm)
5.5	44.0	14.1
6.5	45.2	14.5
8	46.5	14.9
9	47.8	15.5
10	49.0	15.7
11	50.3	16.0
12.5	51.7	16.5
13.5	53.1	17.0
14.5	54.3	17.3
15.5	55.6	17.5
17	57.2	18.1
18	58.4	18.5
19.5	59.7	18.9
20.5	60.9	19.5
22	62.2	19.8
23	63.5	20.5
24	64.7	20.6
25.5	66.0	21.0
27	67.2	21.4
28	68.5	22.0
29	69.7	22.2

Tip: Repeat 3-4 times for a more precise measurement. Try not to force your string too tight. Measure your fingers at night when they're warm, fingers tend to shrink in the morning.
